NSPECon2025 is Almost Here!

We hope to see many of our Virginia members at NSPECon2025 in Kansas City. This year's sessions look interesting and informative, as always. Most of all, we look forward to networking with fellow PEs from around the country!

Not going to Kansas City? Then join us in Virginia Beach for our own celebration! We are pleased to share that [reservations](#) have been extended until Thursday. Checks will also be accepted at the door. We hope to see you!

House Passes Amendment Related to Local Approval Times

Virginia Governor Glenn Youngkin signed **House Bill (HB) 2660**, which affects plan review times at various stages of submittal. Effective July 1, 2025, some review times changed to comply with this new state mandate. The bill received broad bipartisan support and ensures consistent local government review times across the Commonwealth for site record types such as site and subdivision plans and plats, grading plans, and floodplain studies.

VSPE board member **Channing Blackwell** of the Blackwell Group was instrumental in the push for this legislation through his participation with the Prince William Chamber of Commerce and the Prince William County Board of Supervisors Chair, Bob Sweeney.

We are proud to announce our new and rejoined members for the first six months of this year.
